

MR WEST

TAWNY OWLS 1

All about me

I have been teaching for 7 years. Before that I was a scientist studying birds called oystercatchers and coding computer models of them. They only come to this country in autumn and winter so I spent a lot of time wading across mudflats in the cold!

I am married with two children and we have a labradoodle called Zoe.

I love cooking, especially food with lots of herbs and spices in. I also enjoy playing games and walking in the countryside.

A few of my *favourites . . .*
